## FRAME DESIGN

ATX is designed for versatile adventure and fun. With its lightweight ALUXX aluminium frame, flat-bar positioning and the confident handling of 27.5 wheels, it delivers a smooth riding quality even on rough roads or dirt. Its trail-ready components, including a suspension fork, ensure that you're ready for whatever adventures you find on the road or trail.

Specifications and availability subject to change without notice.

\*Seat angle is actual  
 \*\*Toptube is measured from the centre of the headtube horizontally back to the top of the effective extension of the seattube  
 \*\*\*Standover height is based on the largest size tyre that will fit the bike, not necessarily the included size tyre
