FRAME DESIGN

By blending comfort with speed and agility, you can accelerate to new levels. Reach your desired fitness goals and fall in love with a bike that motivates you to aim higher. Disc brakes and a confident riding position create the perfect combination for security on open roads and city riding, while a lightweight design and the right gearing deliver fun and ease.

Specifications and availability subject to change without notice.

*Seat angle is actual

**Tuptube is measured from the centre of the headtube horizontally back to the top of the effective extension of the seattube

***Standover height is based on the largest size tyre that will fit the bike, not necessarily the included size tyre
